MOHAMED BOUGRARA

Data Analyst

Grenoble, France · mohamedbougrara09@gmail.com · linkedin.com/in/mohamed-bougrara
Portfolio: mohamedbougrara.github.io/portfolio-Bougrara-Mohamed

Internship abroad, 3 months minimum, 29 March – 20 August 2027 · French citizen, EU work authorisation

SUMMARY

Master's student in Information Systems Management after 14 months as a data analyst at CEA: SQL and Power BI reporting, Python apps and VBA automation, used every month.

EXPERIENCE

French Alternative Energies and Atomic Energy Commission (CEA), Grenoble, France — Apr 2025 – Jul 2026

France's national research organisation for low-carbon energy, digital technology, health and defence.
Three-month internship, then rehired as an apprentice to deploy the tools I had prototyped.

Data Analyst Apprentice — Sep 2025 – Jul 2026

- Automated the monthly allocation of labour costs to research contracts in VBA: **5 days of work now take 2 minutes**.
- Rolled the tool out to **4 departments** and wrote its user guide for **20 contract managers**.
- Built a life-cycle assessment (LCA) app in Python and Streamlit with its users: **used monthly by 23 researchers**.

Data Analyst Intern — Apr 2025 – Jun 2025

- Wrote the SQL queries and built **3 Power BI dashboards** for financial reporting on a 20-table database, **refreshed daily**.
- Designed the star schema and the DAX measures; managers still use the dashboards every month.
- Prototyped the labour-cost automation and obtained the department heads' approval to roll it out.

PROJECTS

National DataViz Challenge, Météo-France: 1st place — Jun 2024

- **Ranked 1st of 15 finalist teams** in the national final, out of more than 600 students at the start.
- Analysed French climate data in R, built the dashboard in Tableau and presented our results to the jury.

Liver cirrhosis screening without biopsy, TIMC Laboratory (CNRS) — Jul 2025 – Dec 2025

- Analysed the clinical records of **600 patients** in R (PCA, clustering) and **delivered an R Shiny app** to the laboratory.

Safe drinking water worldwide: 2030 promised, 2062 at today's pace — 2026

- Built a Power BI report and an **R Shiny app (4 modules, 31 automated checks)** on WHO/UNICEF data for 235 countries.
- Found that **2.14 billion people** still lack safe water at home and that universal access would only come in **2062**.

Campus signage dashboard, Université Grenoble Alpes — 2026

- Mapped the **162 campus signs** in ArcGIS with their maintenance and repair costs, in a live dashboard (arcg.is/1yOCrS0).

EDUCATION

Master's in Information Systems Management, Grenoble National Polytechnic Institute — 2026 – 2028

Université Grenoble Alpes · information systems governance, IT project management, business intelligence

Bachelor of Technology in Data Science (BUT), IUT2, Université Grenoble Alpes — 2023 – 2026

Data Visualisation and Decision-Support Tools track · Erasmus+ Power BI week in Prague, Mar 2025: winning team

Bachelor's in Economics and Management (first year), IAE Savoie Mont Blanc, Annecy — 2022 – 2023

SKILLS

- **Data and programming**: SQL (MySQL), Python (pandas, Streamlit, Plotly), R (Shiny), VBA, Talend, Git, GitLab
- **BI and visualisation**: Power BI (DAX, Power Query, star schema), Tableau, Excel pivot tables, ArcGIS
- **Methods**: data cleaning, KPI design, PCA, clustering, user requirements, user training
- **Languages**: French (native), Maghrebi Arabic (bilingual), English (B2, Duolingo English Test), Spanish, Standard Arabic (intermediate)

ADDITIONAL

- Volunteer video editor, Association Valentin Haüy, a charity for visually impaired people (Oct 2024 – Dec 2025)
- MOOC badge: Artificial Intelligence and Society, France Université Numérique (Apr 2026)
